Col. J. F. Hor organized a new Lodge of the Sons of Temperance, in this city, on Saturday evening, Jan. 1st.

Those having in their possession lamps and transparencies used on Friday night will return the former to the Engine House, and the latter to Mr. S. Bishop. They are both wanted.

Our Harrisburg letters should have reached us last week, but the failure in the arrival of the mails prevented.

The Centennial celebration Friday night, passed off without the least riotous disturbance. This is creditable.

The steamer West Virginia is tied up at Charleston. There is trouble in camp among the owners.

W. S. Matthews is at Toledo working insurance. He expects to be here in May.

Over \$100 was made in two nights at a colored church festival, up town, last week.

The Andes had a brass band on board on her last trip down. The Andes is the most popular of boats.

Ninety dollars were invested in the fireworks displayed on the Public Square, Friday night.

Sheriff Stuart entered upon the duties of his office on Monday, the custodian of two colored caids.

The firm of Halliday, Miles & Co. dissolved last week. Mr. Halliday purchasing the interest of Mr. Miles.

Mr. W. S. Kerr is also a stockholder in the Black Band Ore Company, with others that we mentioned last week.

The contractors of the new Methodist Church intend to have the same completed by the middle or last of May next.

Messrs. C. D. Kerr & Bro. attempted to illuminate the zinc mortar in front of their drug store, last week, and said mortar melted. Loss about \$20.

We hear that Mr. Lorenzo Clark, whose injuries we mentioned last week, will recover. We are glad to note this.

We ate Florida oranges on New Year's Day. They came from Dr. NEEDHAM, through his brother-in-law, Mr. W. C. HENKINS, and were picked from trees growing on the Doctor's place which he has purchased near Jacksonville. They were delicious.

We hope the time will come when tax-payers will quit calling tax-payer "paying rent." After fifty or sixty weeks in one year the thing becomes monotonous. The color of wit in it washed out before the present tax-payer was shifted.

STEWART WILLIAMS, a colored man aged about forty years, living in the upper end of the city was adjudged insane by the Probate Court, on Thursday, and returned to jail. Application will be made for his admission to the Athens Asylum. His affliction, we hear, was brought on by domestic difficulties.

The new Methodist Church was the scene of a Praise Meeting, at 10 o'clock on Saturday morning. About one hundred and fifty persons were present, and followed the Rev. BATTLE within, each joining in the singing as he entered the edifice. The whole services lasted over an hour.

At the infirmary last week was received LORETTA GRADY, from Huntington township, a young, white, unmarried woman, aged about seventeen years, and her colored infant. The putative father is in the northern part of the State.

As per the notice published by us last week our city celebrated the birth of the Nation's hundredth birthday day, and in such celebration far surpassed the most sanguine expectation of the greatest enthusiast. Labor, time and money were not spared, and to the most active our citizens are under many obligations. Everything was carried out to the letter.

At half-past ten the procession began to move from the corner of Second and Court streets. It was headed by a neatly painted wagon, beautifully decorated with flags, and bearing the motto, "Youth and old age." In the wagon were Mr. JOHN GUNSON, of Clay township, aged one hundred and three years, and about a dozen small girls tastily dressed in white. The Cadet Guards in uniform followed. Then came the fire engine, bright as a dollar, and bespangled with flags. Then the Hook and Ladder Company with mottoes. Then followed the hose carts with these mottoes, "This hose is not striped," "This hose stands the mud." Then came the torch-lights and transparencies. Among the dozens of mottoes we noticed these, "That Government of the people, for the people, by the people can not perish from the earth," "The land of my life, my liberty, and my love," "Our own dear Columbia—the gem of the ocean," "Earth's brightest spot," "In God we trust; in John Bull we trust," "The healthy hundred year old babe," "We must hang together," "Enemies in war, in peace friends," "Our lives, our fortunes, and our sacred honor," "Let facts be submitted to a candid world," "A decent respect for the opinions of mankind," "It is higher, purer, nobler," "Washington the father; Lincoln the savior," "Let a world be held," etc., etc. "Smaller transparencies had the names of States, Presidents and Revolutionary Generals on them. There was one with a clock on it; over the clock were the words, "Run for 100 years," under it, "Wound up for 1000." There was an Independence Bell, and a representation of the tea being thrown overboard in Boston Harbor. We can not do this branch justice.

The procession marched up Second and down Third streets. At midnight a cannon thundered out the signal, and all the bells in the city rang out. This was followed by a beautiful display of fire-works at the Public Square. During this display minute guns were fired, wakening the last sleeping citizen, if any were asleep. A large bonfire was lighted in the center of the Square, and all was light as day. While the procession moved the whole city was illuminated beautifully. We saw scarcely a house on the line of march unilluminated. Of these we can only notice a few. The Danford House and the Merchant's Hotel were got up in style, and shone out a sheet of fire in the black midnight. Mr. R. ALDERMAN and Rev. MITCHELL's houses were nicely fixed. The foundrymen of ENOS, HILL & Co., however, carried off the plume. They, without charge, drew wires across the street, and arranged gas to burn therein, and make the words, "Welcome 1876." This was the admired of all.

Every body was out. The sidewalks seemed a moving mass. After midnight a tired city sunk to rest, with bright visions of the beautiful display upon them. We can not recollect of any circumstance that ever half way come up to this in taste, grandeur and magnitude. Welcome, welcome, thrice welcome 1876.

MANY A GANNIE DAY.—Perhaps some of our citizens do not know that on Friday night, while Mr. JOHN GUNSON headed the procession, that Mr. JOSEPH VANDER, of our city, aged 89 years, was one of the lookers on. Mr. VANDER was out, stick in hand, and about as lively as our average fifty year old men. He and Mr. GUNSON were soldiers together in the war of 1812. "Blessings on your frosty paws."

THERE were only three arrests for drunkenness last week.

He was caught in this city, on Monday, by Marshal DALL. The watch was found at SAM. YOUNG's saloon, where it had been pawned for whiskey. And the money had been spent at Mr. HERN's store. He was tried before Judge LOGG, and sent to jail in default of \$100 bail. He formerly lived in Cheshire township.

For the Gallipolis Journal. Mrs. Geo. W. Bagges.

Mrs. BAGGES, whose maiden name was TAPKINS McMILLIN, died Nov. 13th, A. D. 1875. She was a lady of more than ordinary mental and personal attractions. With the falling of the leaves of Autumn the body of one has been consigned to the tomb, whose lovely presence will long be missed by all who have known her so long and so pleasantly, and save in memory, those who loved her so well, will know her no more. She was a gentle Christian woman. Words are not rich enough to tell all that such a woman is. There is nothing in the life of a good woman, so beautiful as a Christian woman, for she has received into her heart, until she shines forth as a part of her character, the love of her Divine Master. My pen lingers lovingly upon her name, and I would fain say something of her, whose name is beyond the need of human praise, she would make her name more beautiful and endearing to the living. She was industrious, kind and attentive to her family, and was always ready where help was needed. When great sorrow fell upon her, and heaven seemed to radiate her face, and with an angel's patience, a child-like smile, and an unflinching faith, she went down into the valley of shadows. No eloquence can soothe him who loved her and knew her best—her husband. To hear him speak of his wife, as he knew her when a girl at school, when he married her the loveliest girl in the country side, when he received into his heart the fragrance of her example, when he watched over her, dying, only to marvel at the endurance and sweetness of her patience, is to learn what a force spiritual development could exercise over those around her. Precious to those who live is the memory of such a life. E. T. MC.

VINTON, O., DEC. 27, 1875.

DIED. BURGARDNER.—At his residence, three miles below Hanging Rock, on Tuesday, the 21st inst., of typhoid pneumonia, Mr. JACOB BURGARDNER, in the 79th year of his age. Mr. B. had been a member of the Baptist Church for 33 years, and was one of the pioneer settlers of Southern Ohio.

LOWRY.—December 26th, 1875, after a protracted illness, Mrs. MARIA J. LOWRY, wife of Mr. A. L. LOWRY, aged 38 years, 8 months, 25 days. She was a consistent member of the Christian Church for the last 30 years. Has been married between 9 and 10 years. She leaves a husband and three children, who truly mourn her great loss. She was respected by all who knew her.

Rev. E. BATTLE, father of the Rev. Mr. BATTLE of this city, died at Marietta on the 3d, aged 97 years and 6 months.

He was the oldest man in Washington county, and perhaps the oldest minister in the State.

The United States Court has decided that the Court which appointed Henry Tyson, of Baltimore, Md., receiver of the C. & O. Railroad, transcended its jurisdiction, and set aside the appointment. Mr. George W. S. Wickham, late manager of the road, has been appointed receiver instead by the proper court.

Mr. W. D. GRAHAM, with his potato boats, is at Vicksburg. We have a note from him dated Dec. 28th. He was then selling at from \$1.65 to \$2 per barrel. The feeling is in favor of a further advance. He and Mr. CLARK had bought an additional boat load of three thousand barrels.

We were exposed last week to a pitiless storm, that wet our feet and stockings, and indeed our person all over. In fact we took a cracking cold, which brought sore throat and severe symptoms of fever. The good wife asserted her authority, plunged our feet in hot water, took us cold blankets, and sent our faithful son for a bottle of AYER'S CHERRY PECTORAL. It is a splendid medicine—pleasant to take and of great use in colds, whooping cough, and the night and awake well the next morning. We know we owe our quick recovery to the Pectoral, and shall not hesitate to recommend it to all who need such a medicine.—*Johnston (Texas) Presbyterian.*

Cross and sickly children can be made healthy and strong by regulating their stomachs and bowels with Castoria. It is more effective than Castor Oil and is pleasant to take as honey. For Wind Colic, Sour Stomach, Worms and Constiveness, there is nothing in existence equal to Castoria.

Why will you suffer from Rheumatism, Sprains, Stiff Joints, Swellings, Burns, Scalds or Weak Back, when you can use Castoria? It is a powerful remedy for all these ailments. Castoria will assimilate the food, expel worms, and correct all these things. For twenty years Dr. Pierce's experience in his private practice to produce an effective Cathartic and stomach regulator which would be as effective as castor oil, without its unpleasant taste or recoil.

The reputation of his experiment expel adopted his remedy to which he gave the name of Castoria. Castoria is as pleasant to take as honey, regulates the stomach and bowels, and does not grip. It is adapted to all ages, contains no alcohol, and is absolutely harmless to the most tender infant.

Centaur Liniments.

So nearly perfect are the recipes of these wonderful pain- soothing and healing Centaur Liniments, that we can confidently say they will alleviate any pain arising from colds, loose or muscle derangements. We do not pretend that they will mend a broken leg or exterminate boils, but even in such cases they will reduce the inflammation and stop the pain. Nor can we guarantee the proper results where the body is poisoned by whisky. Temperance is as necessary to a proper physical, as mental condition.

THE WHITE CENTAUR LINIMENT is particularly adapted to all cases of Rheumatism, Lumbago, Neuralgia, Erysipelas, Itch, Sprains, Chills, Cuts, Bruises, Stings, Poisons, Scalds, Scabies, Weak Back, Pains in the sides, Wounds, Weeping Sinews, Burns, Frost-bites, Palsy, Ear-ache, Tooth-ache, Head-ache, Croup, Old Sores, Broken Breasts, Sore Nipples, Sore Throat, Croup, Diphtheria, etc. The most of these complaints, if treated with this cure, all of the Centaur Liniment will cure; all of the Centaur Liniment will cure; all of the Centaur Liniment will cure; all of the Centaur Liniment will cure.

"ANTHONY, L.L., Dec. 1, 1874. "My wife has, for a long time, been a terrible sufferer from Rheumatism. She has tried many physicians and many remedies. The only thing which has given her relief is Centaur Liniment. I am rejoiced to say this has cured her."

W. H. RING, Postmaster. It is an indisputable fact that the Centaur Liniment will be within reach never before effected by any preparation in existence,—like Chronic Rheumatism of thirty years' standing, straightening fingers and joints which had been stiff for six years, taking the soreness from burns, etc.

One dollar, or even fifty cents, invested in Centaur Liniment will be within reach when an accident occurs, and will do more good than any amount of money paid for medical attendance. When physicians are called they frequently prescribe Liniment, and of course charge several prices for it.

The Yellow Centaur Liniment is adapted to the tough skin, muscles and flesh of the animal creation. Its effects upon severe cases of Spavin, Sweeney, Wind-Gall, Big-Head and Poll-Evil, are truly marvellous. It is sold by Messrs. J. McClure & Co., Druggists, Cor. Elm and Front Sts., Cincinnati, O., say:

"In our neighborhood a number of teamsters are using the Centaur Liniment. They pronounce it superior to anything they have ever used. We sell it by the four to five dozen bottles per month to owners of horses and mules."

We have volumes of testimonials describing cases of Spavins, Kicks, Galls, Poll-Evil, Big-Head, and even Founders, which are little less than marvels. No owner of an animal can afford to be without a bottle of Centaur Liniment, which any day may prove worth twenty times its cost.

Sold everywhere, but prepared only at the Laboratory of J. B. Rose & Co., 46 Dey St., New York.
